From our President -

As the holiday season approaches and the year comes to an end, I hope that you'll remember to be charitable. No matter what your individual situation, you can likely do something good from donating cash to a used prom dress or household items. Even if you can't claim a donation, you can take some time to foster a dog or cat or even participate in our "Dog for a day" program. Please remember these unfortunate dogs and cats had no choice in how they came into our world but you can make such a difference in how the rest of their lives are lived.

On another note, please vote NO on SQ777, this bill would allow breeders to register as farmers tying the hands of officials to intervene and prevent abuse of animals.

We thank you for your generous support of our mission to rescue sick injured, abused and homeless dogs and cats. Through education, we can make a difference! Be the change: ADOPT!

- Michelle Morris

Featured Dog—Oscar

This bright and cheery five year old dachshund came to us with a herniated disc in his back, likely from abuse, dragging his back legs and had lost control of his bladder. The doctors recommended Acupuncture! So, after being treated just once by Dr. Heather Owen, Oscar regained control of his bladder and is now walking much better. He needs a home that will help him remember how to walk properly.

Featured Cat—Duchess and Kittens

This sweet momma and her babies came to us when the babies were just 2 weeks old. They all had severe ringworm! Thanks to our vets and Kristine Spazek who fostered and cared for them. They are now healthy and available for adoption.

from the bottom of our PAWS!

Creed is still available for adoption! A sweet boy who made the news and became famous due to his loyal and courageous personality!!!! He was hit by two different vehicles while standing over his deceased buddy's body. He didn't want him to get hurt anymore.

He has been around female dogs and seems to love them, especially another one of our babies named Calypso!!! He has also been around small children and was quite the gentleman. Of course we were having the children calmly pet him. He did not, even one time, attempt to jump up on them. You have got to meet this boy!!!!!! You will fall in love!!!!!! He can be visited at Woodland West Animal Hospital. 918-299-1208
