A Volunteer Community Service for Emergency Rescue & Humane Education

Fall/Winter 2018

Meet Gabriel when Stacy DeAnn and her daughter spotted a dog in the road with several people surrounding him, they assumed help had arrived so they proceeded to the store, but something told Stacy to go back and check on him. As they approached, they spotted him off the side of the road, in the grass and unable to move! As they approached, he started trying to drag himself toward her. She and her daughter knew they must find him some help. They wrapped him in a blanket and took him to the nearest fire station. The fire station reached out to the Tulsa Police Department who then contacted Animal Aid of Tulsa for help. Upon arriving at the emergency center, we were advised that he had been hit by a car and was paralyzed; able to defecate on his own but not urinate. **We knew there was hope and we would name him Gabriel....**

We also knew that treatment must begin as soon as possible. With x-rays and blood work complete, he was referred to physical therapy and acupuncture where he has made progress and a wheelchair was donated! His attitude is amazing—in fact, when the therapist put his wheelchair on for the first time, he just took off as though it was second nature! He can move around on his own without the wheelchair too and LOVES to scoot around and play with his toys. His care has been costly, around \$3250 so far. He loves all dogs and doesn't mind cats. He is ready to find his foster or forever home!

Meet Eglantine! This sweet lady came to us so incredibly sick and underweight, it was touch and go at times. She did have to have all of her remaining teeth removed, but it did not bother her eating ability at all! She loves to eat! She loves to cuddle around your shoulder and nestle her face in your neck. She purrs and purrs! She is just a doll. Eglantine is now ready for adoption. You can apply to adopt at animalaid.org/adopt

Furry Friend Reminders:

Always make sure your dog has an ID tag on their collar with name, phone number and a notation "I am micro chipped." We suggest micro chipping all pets.

Many Christmas household items including plants, decorations and foods are dangerous for our pets. Please be careful this season.

Wash and dry those feet and bellies when coming in from outside to remove ice, salt and chemicals, and check for cracks on paws. Keep your home humidified. Too much bathing can cause skin to dry out. Use a moisturizing pet shampoo and **PAW BALM sold at our Thrift Store** for those paws and noses!
